Description: The first guide to timber framing written specifically for beginners! Expert Will Beemer takes you through the entire process from start to finish, beginning with timber sourcing and ending with a finished building. Using full-color photos, detailed drawings, and clear step-by-step instructions, Beemer shows you exactly how to build one small (12' x...

Review: Love this book!! I had studied timber framing for a while with books like A Timber Framers Workshop but this book actually takes you step by step on how to build a small TimberFrame structure. Ive started building a shed based on the one in the book and its been extremely helpful. Lots of helpful drawings, photos, illustrations and explanations....
